## Thinking Out Loud

H. M. L.

Just when a rash of picnics was breaking out over the county along comes an April shower in June and dampens all the outdoor ardor. The big annual Sunday school picnic of Grass Valley had to be postponed. The Rotary clubs of Nevada City and Grass Valley postponed their picnic which was to have been held in Pioneers Park last evening, until Thursday, June 24. Providence still regulates and dispenses the weather. Man thus far has failed to regulate earthquakes and the weather. This is a bit surprising when one thinks of Boulder Dam, Panama Canal and two great bridges across San Francisco bay. While earthquakes probably never can be controlled or influenced by man, some scientists believe weather can be mastered. Our grandchildren may see that day.

More important than weather or earthquakes, however, is the problem of living in peace, one group of men with another group, one community or one nation with another. This is an immediate and urgent problem as every edition of almost any newspaper bears witness.

We have laws enough on the statute books to insure peace in this country, if they are enforced. But the laws are not enforced. In Johnstown, Pennsylvania, men and women have armed and stand ready to shoot night maurauders who hurl bricks through their windows. The Republic Steel Corporation files a suit in the Federal courts to compel the postoffice department to deliver mail to the besieged workrs in its plants. This is a long cry from the time of Grover Cleveland, who ordered out United States troops to protect United States mails. Labor leaders and corporation executives hurl defies at one another. Working men who wish to work are stoned and mutilated. Strikers are shot and clubbed to death by the police. The President in Washington mildly rebukes the Republic Steel corporation.

Two and two make four. John L. Lewis contributed almost half a million dollars to the Roosevelt campaign. The weight of that money hangs like a millstone on the administration's neck.

Two and two make four: Several of the vice presidents and chief executives of the Committee on Industrial Organization under Lewis, are known and proved communists. Lewis thinks he is using them for his ends. As a matter of fact the present anarchy that is now being demonstrated in killings and maimings, it has been repeatedly proved, is instigated by the communists who are taking over John Lewis' crusade for labor. It is well known that Lewis himself did not approve personally of the sit-down strike. But he has loosed forces that he can no longer control. The only control that can be exercised is that of the United States government, and the man who heads our government shows no disposition to take control.

And so we come back to the problem of how to live in peace. We have just this suggestion to make: That we rigorously censure all those who break the law; that we insist that our public servants charged with enforcing and administering the law, do their duty, whether the servant lives in the White House or has a job as nightwatchman in Nevada City; that we draw no distinction between law breakers, whether it is an executive of America's largest corporation or the head of the world's biggest group of workers; or whether the law breaker belongs to a union or whether he does not. We must learn wholeheartedly to hate any form of law breaking, whether it be running past a stop sign, or beating a fellow man to death. For sooner or later, unless we hold fast to the principle that the law must be enforced, we shall lose our democracy and with it our heritage of liberty.

### PRESCOTT HILL PROPERTY

About 100 tons of ore per week is being mined on the Nugent and Giller leases in the Prescott Hill property a portion of the Empire-Star Mines company ground at Grass Valley. The shaft is 1750 feet deep but it has been allowed to fill to the 1200 foot level. Miners are taking ore from the 750 foot level. The North Star mill reduces the ore which is being moved by truck.

Will C. Buffington and son, Junior succeeded in catching a nice limit of trout on the South Fork of the Yuba river Sunday evening.

## One Hundred Floats for Fourth Parade in Grass Valley

Alternating with Nevada City in staging the annual Fourth of July celebration for western Nevada County, with hundreds of home comers and visitors expected from the great valleys of California as well as the bay region, Grass Valley is preparing for an elaborate 3-day program, July 3-4-5 with the slogan of the sponsoring committee of "something doing every minute."

Preliminary or warmup events of July 3 and 4, will include a street Mardi Gras parade with carnival novelties; large "heads," loaned by Sacramento Junior college; band music, street singing, serpentine and dancing. Cash prizes have been listed for unique costumes at the Mardi Gras Ball, which will be given at the Veterans Memorial Building on the night of July 3. Sunday, July 4, will be devoted mainly to homecoming reunions and family dinners, with the Berkeley Sciots drum and bugle corps giving an exhibition drill at Memorial Park, late in the afternoon.

Feature of the entire celebration will be the parade on the morning of July 5 with as many as 100 floats and marching units, three bands and hundreds of participants. Floats will run to the modern theme, rather than the customary '49er motif.

Patriotic exercises with W. H. Atherton, past department commander of the American Legion and present member of the state board of prison terms and paroles, will be held immediately following the parade. The afternoon will be devoted to sports events.

## N. C. TEACHERS FOR 1937-1938 ARE ELECTED

At a meeting of the board of education Monday evening the teachers for the Nevada City elementary school and the Nevada City high school were elected as follows:

Elementary teachers: Walter A. Carlson, principal. J. Clark McGinniss, Misses Gertrude Goyne, Savory Ford, Ruth Tamblyn, Ruth Hogan, Suzette Dornberger, Florence Smart, Florence W. Grant, May Snell, Mrs. Mabel Flindt, Mrs. Mary D. Warnecke, Mrs. Doris E. Foley, Mrs. Marian Libby and Leslie Sweeney, orchestra.

High school teachers: H. E. Kjorlie, principal; B. C. Barron, L. E. Sweeney, H. W. Hobbie, Mrs. Eva G. Flewelen, Miss Esther Tremaine; Miss Nellie Baggley, Miss Thelma K. Peterson, Mrs. Marian Libby, Miss Margaret Rector. Miss Thelma McKnigh and Robert Burke.

The elementary school staff is the same as of last year. Miss Margaret Rector of Nevada City, daughter of Mr. and Mrs. E. M. Rector, Miss McKnight of Ceres and Mr. Robert Burke of Los Angeles are new members on the high school staff.

Miss Nancy Jones and Miss Mildred Bartholomew have resigned from the high school staff.

The Nevada City schools will open on August 30 for the fall term.

## ERNEST GEORGE TELLS ROTARY OF EASTERN TRIP

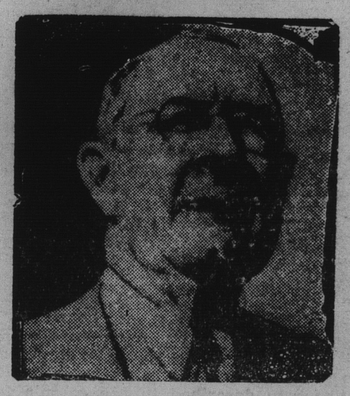
The Rotary club at luncheon yesterday heard an interesting travelogue by Ernest George, of Grass Valley Rotary who has returned with Mrs. George lately from a motor trip through the Old South, Washington, D. C., New York, New England and Quebec, which they thoroughly enjoyed.

George was especially impressed with the French people of Quebec, who retain most of their quaint old world customs established by the first French settlers of that country over three hundred years ago. As a rule the families were large, there were practically no automobiles, the people raised most of their own food, and as a people seemed far happier and more contented than people in this country.

George described the palatial building of the Elks in Chicago, and the old state Supreme Court room of Virginia in Richmond, where Aaron Burr was tried and convicted of treason. He saw the church which Patrick Henry attended and sat in the very pew of that great Virginian. In this connection, George denounced the various isms with which this country is cursed and declared that the time has come when every American must stand up without equivocation and declare the faith that is in him.

Mrs. Nellie C. Libbey of San Francisco arrived Sunday to visit her son, C. A. Libbey and family of this city.

## BILL MOULTON



W. E. (Bill) Moulton, of North San Juan and French Corral, must serve at least two years in Federal Prison on McNeil's Island in Puget Sound, as a result of his conviction of violating the Gold Conservation act of 1934 and of conspiracy to violate other acts pertaining to gold. His sentences of eighteen months each were set to run consecutively, which means a term of three years, but under the sentence, he will be eligible to parole in two years. In addition to the prison term he is fined $2,000.

## SURVEY BEING MADE FOR FLUME 24 MILES LONG

Ross F. Taylor, surveyor of Downieville, has a crew of six men making final survey for the 24 mile flume and ditch on the Middle Yuba river for the River Mines company. When completed this system will carry water for hydraulic operations on the San Juan Ridge.

The preliminary survey was made in 1931 and is now being completed. This will again bring good times to the Ridge not only outstanding in gold production but a garden spot of the county, where thousands of people lived when hhdraulic mines and plenty of water were to be found in that section in early days.

## SHERIFF'S OFFICE READY SATURDAY

Workmen have half the interior of the old jail torn out, the three men prisoners having been moved into the new quarters that are completed. It is claimed the sheriff's office will be moved from the old location to their new office Saturday. There remains a lot of work to be done, electric fixtures have to be installed and linoleum laid on the floors. The new office is on the second floor to the north in the building, and east of the jail. The new office will be much larger and more convenient the entrance being directly into the end of the hall which leads to the elevator in the front.

### REMOVED TO OREGON

CAMPTONVILLE, June 17.—Mr. and Mrs. H. A. Benthusen and son who spent the past year at the Long ranch left a few days ago for Medford, Oregon, where they expect to reside.

## CITY HALL WILL BE DEDICATED TOMORROW AT 2

The order of Native Sons of the Golden West has been invited to conduct the exercises and the grand officers of that order will perform at the new City Hall the dedicatory ceremony which will take place under the auspices of Hydraulic Parlor No. 56. tomorrow at 2 o'clock.

There will be a program and also a presentation of flags to Troop 6, Boy Scouts of America by Hydraulic Parlor.

The city council has requested that all stores and places of business be closed during the dedication, 2:00 to 3:30 o'clock. Broad street will be roped off during those hours from Pine to York street.

Dr. C. W. Chapman of Hydraulic Parlor will preside. The program of exercises is as follows:

Music—Nevada City High School Band.

Raising of Flag.

Song—Star Spangled Banner, High School Chorus, conducted by Mrs. Marian Libbey, music director of the Nevada City public schools.

Invocation—Rev. Father O'Reilly.

Reply by Mrs. Florence C. Boyle, Grand President N. D. G. W.

Chorus, California, by High School singers.

History of building and presentation of bronze plaque, City Clerk George H. Calanan.

Address, Grand Second Vice President N S. G. W., Jesse H. Miller.

Dedication ceremony, Grand Officers N. S. G. W.

The following will be in attendance, Eldred L. Meyer, grand president, and wife; Hartley Russell, junior past grand president, and wife; Charles A. Koenig, past grand president, wife and daughter; Jesse H. Miller, grand second vice president, wife and two children; John T. Regan, grand secretary, wife and son; Wayne Millington, grand trustee and wife; Edward T. Scharr, grand trustee, and wife; Walter C. Richards, grand marshal, and wife; Chas. A. Dodge, past grand president and wife. R. R. Veale and wife. It was Sheriff R. R. Veale of Contra Costa county who arrested the murderer of Officer William Kilroy, one of those to whose memory the new city hall will be dedicated.

## CIVIC CLUB WILL PICNIC IN BENNETTSGARDEN

Monday evening the Nevada City Woman's Civic Club held its last regular business meeting of the season before the summer vacation. It was a fine enthusiastic meeting at which plans for a picnic and flower show were made.

The club ladies decided to hold a picnic for club members and their husbands in Bennetts garden on Broad street which Mr. and Mrs. R. J. Bennetts have so kindly offered for the occasion which will be on Monday, June 22 at 6:30 o'clock. It was formerly a custom of the club to end the season with a picnic supper but for several years they have not done so. However this year the ladies have decided to renew the custom and they are looking forward to it with much pleasure. Mrs. James Penrose, president of the club, requests that all club members who are able to do so, to meet her in the Bennetts garden at 6:30 this evening to complete all arrangement for the picnic.

The club also decided to hold their annual flower show at Armory hall in September, the specific date to be announced later. They did not hold a flower show last year and many new ideas were presented for this years show at Monday's meeting.

A message received from Mr. and Mrs. Ernest Schreiber stated they will arrive in Bremen, Germany, June 24, or the birthdate of their youngest daughter, Elsie, who is in Nevada City. Mr. and Mrs. Schreiber and two eldest daughters are to make about a three month's tour of Germany and other European countries.

## Nevada City to Take Big Role in Fourth of July Celebration

Nevada City is making elaborate preparations for its contribution to the joint Fourth of July celebration which will be held this year in Grass Valley. Among the floats which participate in the big parade are those of the Nevada City Chamber of Commerce, the Rotary Club and the Native Daughters of this city.

Laurel Parlor of Native Daughters met Wednesday night and decided to build a float for the big event. The committee in charge will meet this evening to discuss the theme of the float. Members of the committee are Mrs. Belle Douglass, Mrs. Edna Maguire, Mrs. Lottie Eden, Mrs. Lyda Talbot, Mrs. Effie Goering, Miss Jean Gleason and Mrs. Zoie Kagerer.

An interesting meeting, at the Nevada City Chamber of Commerce headquarters, was held Wednesday evening by members of the committee for participation in the joint Fourth of July celebration to be held this year at Grass Valley.

The attendance was augmented by a delegation from Grass Valley consisting of Miss Edith Scott, Bert Chegwidden, Harry Poole, Del Powell and Jim Henwood of the Grass Valley Chamber of Commerce who came over to fan the flames of enthusiasm with a report of the progress of the sister city.

Eleven features either floats or marching units are certain with tentative discussion regarding participation of fifteen additional units. Success in arranging the parade display was assumed when Sheriff Carl Tobiassen agreed to act as Grand Marshal of the Nevada City contingent.

In checking the local committee was surprised to learn of the number of organizations and business houses it had not as yet had time to get in touch with. Overworked members of the committee are doing all in their power to cover the territory and will deeply appreciate the assistance of a call at the Nevada City Chamber of Commerce office by any one in a position to participate in the celebration.

Of special interest was the information regarding the Madri Gras Ball to be held at the Veterans Memorial building in Grass Valley the night of July third. An excellent dance orchestra has been engaged to inspire the enjoyment of a fitting finish to the first day of a glorious three day celebration. Door prizes of $25 will be distributed at this big ball.

Another meeting of the Nevada City committee is scheduled for Wednseday evening, June 23 at 7:30 o'clock to compare progress and whip plans into shape. E. E. Marshall is chairman of the Nevada City Fourth of July committee.

Chief feature of the three days of fun and frolic in Grass Valley will be a mammoth patriotic parade on the morning of Monday, July 5 at 10 o'clock, the parade to weave through the business streets of the community and disbanding before the Veterans Memorial building where formal exercises will take place. W. H. Atherton, member of the state prison terms and paroles board and a past department commander of the American Legion will give the Fourth of July oration of the program.

Monday, July 5, which will contain most of the events usually scheduled for July 4 by reason of the Sunday dating of the celebration of American independence, will find the afternoon filled with sport events and contests, topped by the annual fire department water fight in the hear of the downtown section.

In contrast to the parade of the "Horribles" of some years ago on the night af July 3, the local committee is sponsoring a Mardi Gras celebration, with carnival features enveloping the early street parade and the dance.

Berkeley Sciots Drum and Bugle Corps will give a drill at Memorial Park late Sunday afternoon, July 4 as well as marching in the parade on the following morning.

## SCOUTS LEAVING SATURDAY FOR NAT. JAMBOREE

Nineteen Scouts and leaders of Tahoe Area Council leave Saturday June 19 for the first National Jamboree to be held in the United States. Some of these scouts have never been outside of California and few have been further than 500 miles away.

These scouts will almost "rim" the United States in their 8000 mile trip going north to Portland, Seattle and Victoria, B. C., then east through St. Paul, Chicago, Dearborn, Niagara Falls, West Point, New York City, Philadelphia and Washington, D. C. Here they will camp at the foot of the Washington Monument along the Potomac river with 25,000 scouts from all parts of the United States and a number of foreign countries.

While in Washington they will visit all the government buildings and museums, Mt. Vernon, Annapolis and the Lincoln Memorial. After a 10 day camp they will return through Cincinnati, St. Louis, New Orleans, Carlsbad Caverns, El Paso, Juarez, Mexico, Tuscon and Los Angeles.

This group will take along camping equipment but will stay at some hotel in the larger cities. Many a new sight and experience these scouts will have to relate to their friends when they return July 16.

Eight of this group will travel still farther, making an 11,000 mile trip to the International Scout Jamboree in Holland in August. These fellows will visit London and England for five days, then go to France and Belgium on the way to the World gathering of scouts that will represent 54 different countries, in Holland. They return home via Germany, the Rhine, Switzerland and France, about September 5 after a two and one half months trip.

Mr. C. C. Scott, scoutmaster of Lincoln Troop 18 will be scoutmaster of the National Jamboree troop made up of scouts from Tahoe Council, Sacramento and Stockton. Tahoe Scouts making the Washington trip are George Hauer, Edwin Leak, Clifford Kaufield, Kay Jansen, Russell Hupe, Lawrence Woolf, Walton Nicholls, Ken Ricksecker, Robert Kinsinger and Harrold Berliner.

For the World Jamboree in Holland, Tahoe Scouts will travel with the San Francisco troop, with Sam Partridge of Grass Valley troop 4, as assistant sscoutmaster and Vincent Brundage, Wilson Hatch, Ken Reynolds, Jack Gordon, Ted Chamberlain, Paul Chamberlain and Frank Vail making a complete patrol.

## THREE DAYS OF TRAINING FOR FIRE GUARDS

The three day session of forest service summer school, scheduled to be held at the old Fowler mill on the Washington ridge on Wednesday, Thursday and Friday of this week is being held at the Tahoe-Ukiah CCC camp instead, due to the weather conditions.

Under the direction of Supervisor DeWitt Nelson instruction is being given to fire guards and look outs in patrol, supression, look out and fire detection and location. Sixty have been present at each session. Most of the 23 students in forestry from the universities who were sent to this section for summer work have been presen throughout the three day session.

Mr. Jay Price of San Francisco, associate regional director arrived in Nevada City Wednesday and has atteneded the session. P. Barnum of San Francisco in charge of acquisition and George Gowen in charge of regional fire control are here and attended the sessions.

Leland Smith, grazing inspector of the Tahoe National Forest, left Tuesday for Sierraville on a Triple A and grazing inspection trip. He will be there until the 24th and then leave for San Francisco spending a rew days at the headquarters office.

## For Humanity's Sake

Forces of evil run riot through the headlines in this day and age. Press wires hum with stories of international hatred and suspicion, of corruption in high places, of industrial violence, of individuals who cheat, rob and kill their fellow men.

Sometimes it is comforting to recall that the forces of good are also active, that they, less spectacular in the day's news, are waging an endless war against the physical and social ailments which oppress humanity. Much of this crusading for health and truth is haphazard, its full effectiveness lost in a maze of false starts and cross purposes. Major victories of the crusade are won by philanthropic groups which map long-range campaigns, and this country can be justly proud of all the world's organized philanthropies, the Rockefeller Foundation, had its inception here.

This institution's noble work does not touch many of us directly, here in California, but its gifts to the state's universities and colleges have been numerous and generous. Among educational activities the Foundation has sponsored here are training and research in public administration, chemical study of vitamins and hormones, research in biology, chemistry, physiology, endocrinology and plant genetics.

Chartered simply "to promote the well-being of mankind throughout the world," the Rockefeller Foundation spends its millions for such diverse purposes as maintenance of the Ambelokipi Health Center in Athens, excavation and restoration of the Terrace of Persepolis in Iran, and the development of dramatic technique at the University of North Carolina. Its future value is assured by an expressed "inclination to change the strategy of attack in order to meet human problems that are new and challenging."—Contributed.

## MINE NOTES

### REOPENING OF GENTNER GOLD MINE

Mrs. Walter C. Sheck of near Alleghany was a Nevada City visitor yesterday. Her husband is reopening the Gentner Gold Mining company property of Alleghany for San Francisco interests. The property is three and a half miles west of Alleghany and was formerly the old Ambrose mine. In 1932 while Mr. Scheck was employed at the Golden Center mine at Grass Valley Mrs. Sheck gained quite a lot of fame for donning overalls and doing a man's work holding a lease on the old McKenzie mine near Alleghany under a bond and lease.

### DAISY BLUE MINING COMPANY

Operations were resumed at the Daisy Blue mine northwest of Nevada City Tuesday after a shutdown of several months, due to reorganizing the company. Dewatering of the shaft, which is about 115 feet deep, was completed during the week end. A contract was let and several men are employed in a sinking program which will develop more ore. Power was brought to the property within the last week or so and all equipment is electrically driven.

### DEPOT HILL MINE

F. J. Joubert, superintendent of the Depot Hill and Indian Hill gravel mines near Camptonville, was a Nevada City visitor yesterday. He stated it was not a favorable year for hydraulic operations heavy snows delaying operations about two months. Work started about March 15 with No. 6 and No. 4 monitors at the two mines and also a crew of five men at each place. He expects to have sufficient water to run two weeks longer.

## From Aunt Sarah

The crisp lettuce or vegetable salad served at the smart restaurants or hotels always draws forth the remark from the men folks: "Why can't we have salad like this at home sometime?" The secret of them all is the dressing. Somehow the housewife doesn't always have the knack for the French dressing. Try French Tavern Dressing and see how it works.

**French Tavern Dressing**

Three tablespoons salad oil( real olive oil is best).

One tablespoon vinegar.

¾ teaspoon Worchestshire Sauce.

Salt, paprika.

Beat to an emulsion when ready to serve and pour over crisp lettuce leaves or a vegetable salad. A bit of garlic gives it that "foreign air."

## SCOUT DRIVE TO OPEN TUESDAY

The campaign to raise the funds for Nevada City's quota of the boy scout fund will open next Tuesday throughout the business district. Clyde Gwin is chairman of the committee. Several committees have been organized to make a quick thorough canvas of all merchants and professional men on that day. The scout quota this year has been fixed at approximately $700.

# BIENNIAL COST STATE GOV. WILL BE HALF BILLION

By RALPH H. TAYLOR

California's state expenditures for the coming two years, as approved by the 1937 legislature, will total nearly half a billion dollars—equalling the combined charities and philanthropies of the late John D. Rockefeller, most prodigious giver in the world's history. during his entire life time.

A caluculating machine total of budgeted expenditures for the ensuing biennium cannot be run off until the conclusion of Govrenor Merriam's bill-signing period, which ends on July 2. as only the governor knows the exact amount of special appropriations which will win final approval.

But the state budget, voted, signed and approved, totals $438,000,000. In addition, there are $45.000,000 worth of special appropriations awaiting action on the executive desk. Best indications are that the governor will wield the economy axe on many of the special appropriation measures, but that at least several million dollars worth of necessary appropriations will be given executive approval.

Despite the mounting expenditure roll, the legislature made only minor changes in the state's tax structure, levying no new taxes or revenue importance and voting down a majority of the proposed exemptions and reductions in existing taxes.

Briefly, new tax enactments provide as follows:

Tax of 3 cents per gallon on Diesel fuel oil.

Provision for a ten per cent income tax deduction for earned income (similar to the federal provision).

Continuation of the "in lieu' tax on automobiles.

Spbmission to the people of a constitutional amendment (sponsored by the auto clubs) to prohibit diversion of gas tax revenues from highway uses.

Major tax changes on which the legislature turned "thumbs down" included:

Reduction of the sales tax.

Exemption of restaurant food from the sales tax.

Reduction of income tax in higher brackets.

Substitution of a gross income tax (or gross transaction tax) for present tax system.

Several severance tax proposals, "nuisance taxes," etc.

Creation of a central tax collecting agency.

Although the record breaking expenditure total may seem excessive to the average taxpayer, it could have been much worse—recalling the spending trend which was all too evident in January, particularly in the assembly, and comparing the total of special appropriation bills introduced with the total approved. In all, the special appropriations introduced—many called "pork barrel" appropriations — aggregated nearly $150,000,000.

Millions of dollars in extra appropriations which passed the assembly were killed in the senate, whose members, on the whole, were more responsive to farmers, home owners and other taxpaying groups. And other millions in threatened expenditures, including the scheme to boost the old age pension from $35 to $50 per month, finally lost favor in the lower house under the pressure of an aroused public opinion.

Normal revenue sources, due to the mounting income resulting from improved business conditions, are expected to defray the huge outlay scheduled for the coming two years and either wipe out or reduce the state deficit as well. Predictions in many quarters are for a treasury surplus two years hence.

Early Wednesday 185 Camp Fire Girls and 15 counselors of the bay district came to Camp Augusta or Piedmont Camp on Lake Vera for their vacations. This is the first group and a portion of them will spend two weeks while the others will remain a month. Twenty five counselors arrived at Camp Celio from Oakland to take a two day training course in preparation for opening of their camp in a few days.

Accompauying Mrs. Kimball on today's trip are four Oakland high school boys who are anticipating a few days fishing. The boys, Arthur Haquist, Joe Silva and Roy Peralta think this is a great country.

# JOHN NETTLE TO HEAD LEGION POST NO. 130

John Nettell of Grass Valley was elected commander of Hague-Thomas-Hegarty Post No. 130, American Legion at the annual election held Tuesday evening. The elective corps plus a number of appointive officers who will assist him in his work are: Harry Morton, first vice commander; Gene Johnson, second vice commander; Ed Fisk, chaplain; Jack Clark, finance officer; Fernand Coplantz, sergeant at arms; Frank Clark, color bearer; Stanley Woolcock, historian; Albert Burke, service officer; Frank Clark, Earl Sanders, Larry Dunn, Fernand Coplantz and D. D. Eldredge, executive committee.

Delegates elected to the convention, which will be held in Stockton during August are: Edgar Bawden, Albert Burke and Gene Chester with Maurice Kach, Loyle Freeman and Walter Matteson as alternates.

# FOREST SERVICE MAN IS HONORED

CAMPTONVILLE, June 17.— Ahrend H. Behrens familiarly known as Henry and known to the Missouri boys as "Uncle Henry" was honored at a supper given at the Cleveland home on Main street Monday evening his retirement from public service being the motive.

He was the oldest employee of the local forest service headquarters, having filled the post of dispatcher for the past sixteen years. He reached retirement age this spring. He started under the late Ranger Whittum and continued with Ranger Meggers. He has put in many hours at the switchboard both day and night. A few years ago, during a heavy electrical storm he stuck to his post answering fire calls and was struck in the head with lightening, an injury from which he never completely recovered.

Following the supper Judge Cleveland on behalf of his friends, presented him with a gold lettered leather bill fold, with fitting remarks to which he responded pleasantly. W. H. Clarke a former forest service employee and Ranger Frank Meggers also paid tribute to his services.

Those honoring Behren were: Richard R. Pfiffre, Fire Guard Leo Chatfield, Ranger Frank W. Meggers, Assistant Ranger Ralph L. Gleason, W. H. Clarke, Myron Pauly and Judge Acton M. Cleveland.

Behrens at one time served as constable and deputy sheriff of the Camptonville township.

# CAMPTONVILLE TOWN HALL NEEDS NEW ROOF

CAMPTONVILLE, June 17.—The town hall needs a new roof! The present shake roof of the local Masonic hall has stood pat for many years, withstanding the heat of the summer and the snow of the winter. This past winter was the first time for over forty years that the snow had to be shoveled from it. The shakes are now in bad condition, with many leaks and the whole roof will have to be replaced before next winter in order to preserve the rest of the building.

The building was built in the early days by the Odd Fellows Lodge which owned it up until 1919 when a terrific north wind blew the structure part way down the hillside. The lodge did not have enough money with which to repair it and turned the controlling interest over to the local Masonic lodge which agreed to put the building back in shape for usefulness. Later on that Odd Fellows Lodge disbanded and turned their interest over to the Downieville I. O. O. F. The only fraternal order using the lodge room at this time is the local Masonic lodge. The downstairs part of the building, a large auditorium, is used for all local public events, and the building is considered more the "town hall" than it is a privately owned building.

For the past years it has been given to the public free of charge for meetings, church affairs, funerals, school entertainment and commencement exercises, parties, shows, and for elections and, when necessary, for a court room. Because of this fact, whenever there is a benefit for the upkeep of the building, the public will all join in and help put it over. A campaign is now going forward to get money for a new roof.

# FAREWELL ELKS PARTY FOR MR. AND MRS. ELLIOTT

Elks and their wives, sisters and sweethearts will gather tomorrow night at the club rooms to give Mr. and Mrs. Art Elliott a farewell party. Art Elliott, Exalted Ruler leaves soon for South Africa. Under Frank Ghidotti, chairman of the social sessions committee there will be a banquet of raviolas and chicken. Following the dinner there will be dancing from 9 o'clock until dawn. Those who wish reservations should phone them at once to Frank Ghidotti, 176, or the Elks Club, 108.

Harry B. Cox, Barnegat ranch owner of Indian Springs left by transcontinental plane for New Haven, Connecticut on Wednesday. Mr. Cox will attend his class reunion at Yale University and visit in the east a short while before returning to California.

# Capital Business

Compiled by

Sacramento Chamber of Commerce

SACRAMENTO, June 17. — The state government for the first time since 1933 will retire more registered warrants than she issued during the current fiscal year State Controller Harry B. Riley said this week. This is made possible by a $33,000,000 increase in the general fund revenue for the first eleven months of this fiscal year, as compared with the same period of the preceding fiscal year.

Riley said the current year will see a reduction of about $8,000,000 in the general fund deficit. Approximately 54,000,000 in warrants will be registered in the year period, while retirements will amount to $62,000,000. In addition the treasury still will have about $20,000,000 with which to redeem warrants with August maturity dates.

The general fund stands at present approximately $19,000,000 in the red. A little over a year ago the deficit was $38,000,000.

The state department of public works will be moved into its new $750,000 home at Twelfth and N streets by Monday. Its former building at Eleventh and P streets will be now occupied by the unemployment reserves commission, the personnel board and other departments. The proposal to create a state park and game refuge of 650,000 acres in the Kennett drainage basin will receive attention of Sacramento valley council members of the California State Chamber of Commerce at their monthly meeting Friday at the Hotel Senator.

California's peach bowl, the great peach growing district centering around Marysville, will supply more than half the state's 1937 cling peach crop according to a grower-canner survey just completed. A total cling peach crop of 317,781 gross tons, including No. 2s and culls, is forecast by the Canners League of California with Marysville contributing 167,650 tons.

Two hundred California boys already have applied for citizenship in the first "Boys' State,' 'an experiment in self government for youths to be conducted at the state fair grounds. Three hundred and fifty boys from all parts of the state will be housed and fed at the fair grounds while carrying out their "governmental" work. The American Legion is sponsoring the experiment.

A model home sponsored by the Sacramento Junior Chamber of Commerce will be open for inspection daily June 19 to 27 at 17th street and Fifth avenue. Sacramento river again will substitute for the Mississippi some time next month, when the Selznick International Pictures come here to shoot scenes for "Tom Sawyer". Sacramento Music Series announced artists this week who will appear on the series program next fall. They include Yehudi Menuhin, violinist, Ezio Pinza, basso; Salzburg Opera Company of Austria; Bartlett and Robinson, two-piano team; and Helen Jepsen, soprano.

Mr. and Mrs. W. Wolfe and daughter, Miss Betty Wolfe, of Berkeley accompanied Harry Jefferson to Nevada City for last week end. Young Jefferson returned with them and in a few days will return to spend the summer here with his parents.

Jack Shebley, ardent sportsman of this city spent two days fishing on Fuller lake.

# Thru the Knot Hole

A Glimpse of Building Activity

Vol. 1. JUNE 18, 1937. No. 43.

Contractor William Forkner is busy with his crew of men erecting the framework of the new home for Mrs. Sheldon on upper Nevada street. A wide rustic exterior and wood shingles will make this modern home blend well into its setting on the hill.

Considerable activity in repairing concrete sidewalks is evident in Nevada City particularly on Broad street.

Pete Zdrich has just finished a new walk in front of Long John's, Marquart Company has replaced a portion of the walk at the Standard Oil Station and Les Whitlock is replacing the old walk.

We have in stock cement for various uses. Regular commercial cement, waterproof plastic for basements, etc., and one day cement where high early strength is required. Call us when you need cement.

A new booklet on various styles of fences has recently been published by the California Redwood Association. It is very profusely illustrated from actual photographs and is available to you if you want information about fences or are planning a new fence. A visit to our office will place you in possession of one of these booklets.

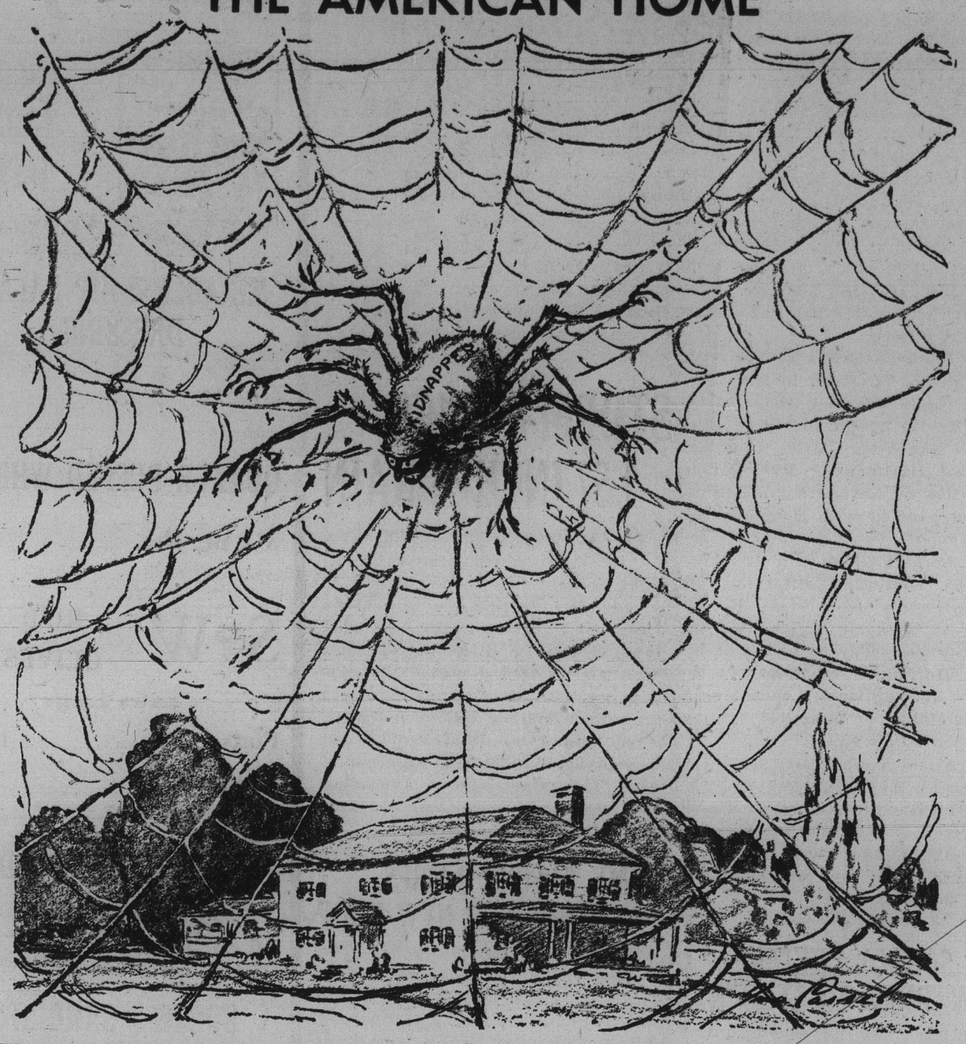
## THE AMERICAN HOME



## JUST WONDERIN'

I wonder what you think of this;
Wiseacres say they know
That in a vast deep solitude
Where no live creatures go,
Great trees might crash and bombs explode,
But still, with none to hear,
There'd be no sound at all at all,
Because there'd be no ear!

I wonder how to prove the truth of falsity of that statement.

If I go into the silence with ears out, of course I'll hear noises, if I wear ear muffs, how can I know whether there are sounds or not? Please Mr. Ripley, solve this problem.

I wonder if Edgar A. Poe is the only poet who ever wrote tenderly affectionate lines to his mother in law. Oh well, he won his pedestal in the Temple of Fame in a variety of ways.

I wonder if the readiness with which Sorcates accepted the "darker drink" was induced by dread of lengthened years with Zantippe. Between a nagging wife and eternal repose, any man would make one choice or another.

I wonder if Post Master Farley is safe in predicting long continued tenure of power for his party.

There is old General Public, you know;—a long suffering worm who when unduly provoked is quite capable of turning with vim and venom.

Just now the General is restless; he is dismayed by wide spread labor disputes which are disrupting industry and driving prosperity back to the obscure corner from which we were seeking to entice her.

He wonders why the Labor Relations Act doesn't function, and he is unutterably tired of being the man between, tattered and torn by two opposing forces in civil wars which net him continual loss and for whose ravages he must ultimately pay the cost.

Yes, the old General is more than restless, he is definitely disgruntled and in that frame of mind he invariably blames the "present incumbents."

The General is potential James, so you can't tell what might happen in 1940 should the G. O. P. select a clever, magnetic leade and place a Compulsory Arbitration plank in the party platform.

A. MERRIAM CONNER.

### SMALL FRY CATCH BIGGEST FISH

Since fishing season opened there has been a bit of rivalry between Elsha Curtis and his small nephew Clemente Henwood of Clay street, as to which one would catch the largest and greatest number of fish. Clemente has been out of luck for several trips but last Sunday they fished near Alta. He was a proud boy as he came home with seven nice trout, one being over a foot long.

# SOCIAL EVENTS

## Dinner Party Honors Mrs. Mabel Everett

Mrs. Mabel Everett of the office staff of the Tahoe National Forest at Nevada City was entertained at a dinner Wednesday evening at Gene's Place on Broad street. Sixteen friends associated with her in the headquarters office and wives of staff members were present for the delightful affair.

Mrs. Everett is leaving the office soon. She is engaged to wed H. Rothe who, has been in the local office two or three years and has received a promotion and transfer to the Quincy office of the National Forest. A dainty block linen luncheon cloth was presented Mrs. Everett.

The delightful little dinner party was arranged by Mrs. Georgia O'Connor of the local office. Mrs. DeWitt Nelson, wife of Superintendent Nelson, made the presentation speech.

## Margaret Rector Receives Master's Degree at Columbia

Mr. and Mrs. E. M. Rector and daughters, Margaret and Ruth, returned Sunday from a motor tour across the continent. Miss Margaret Rector received her masters degree from Columia University on June first in the department of history and the Rector family went to New York to be present at the occasion

## Week End Party Near Camptonville

A gala week end party was enjoyed at the "Lion's Den," near Camptonville, summer home of Rose Doyle and Violette Burns. The party was given in honor of Roy Soekland of Nevada City.

Soekland who has been with the Forest Service for the past few years is retiring to his ranch, near Santa Rosa.

Dancing, games and snipe hunting continued into the night, followed Sunday by target practice and horse shoe pitching. Among the guests were: Misses Marie Andreni, Kay Hecker and Ed Bevis all of the Nevada City Forest Service.

# Personal

That property is moving in this town is claimed by one real estate man. Ludwig Netz. He bought an apartment house from James McKenney on Grove street about three months ago and sold it to Grant Lystrup within the last few days.

**BAY BRIDGE**
**San Francisco**

A mass of concrete, tons of steel,
the hand of Gulliver spans
the bay,
This, is the Bridge day.
A chain of silver filigree,
bejeweled with gems of
dripping light.
This, is the Bridge at night.
RAY GRIFFITHS DEETER

The two San Francisco bay bridges and Treasure Island, man-made site for the 1939 Golden Gate International Exposition, have changed tidal currents in the bay.

Miss Pollotz—Tell me, Doctor, is skin grafting a very late discovery?

Dr. Zceron—Oh, no; it's only a branch of a very old art. All grafting is a skin game.

# ROTARY PICNIC IS POSTPONED

Adverse weather conditions Wednesday caused the Rotary committee in charge of the big picnic scheduled by the Nevada City and Grass Valley clubs to be held yesterday in Pioneers Park, to postpone the event for one week. It is proposed to hold the picnic in the grove of young cedars and pines at the fireplace in the park and owing to the heavy rain it was regarded as impractical to go ahead with plans until the weather clears. The picnic will be held Thursday, June 24, beginning at 5:30 o'clock.

# STORM BRINGS 1.57 INCHES RAIN

The storm that started Tuesday evening and rained practically all night brought 1.56 inches of rain to Nevada City. During the first hours it seemed to fall more or less from huge clouds in different sections. One party stated Nevada City was dripping with water when he drove out toward Willow Valley and gusts of wind blew up dust clouds about the car. Snow fell in the high mountains. The rainfall up to June first was 50.47 making a total of 52.03 inches for the season.

# HOME TALENT RAISES FUNDS FOR NEW ROOF

CAMPTONVILLE, June 18.—The greatest of home talent attractions were held Wednesday evening in the local Masonic hall which consisted of two plays, "My Cousin from Sweden" and "Be a Little Cuckoo," various musical and vocal numbers, and a demonstrative square dance put on by eight of the boys from the local Missouri CCC camp.

No regular admission was charged, but the hat was passed around during the performance. Proceeds from the affair will be given to the hall trustees to go towards the fund for a new roof for the building. A large crowd attended to view the local performers.

# SELBY FLAT NOTES

William Graham and Mr. and Mrs. W. B. Dimond of Selby Flat attended the camp meeting of the Seventh Day Adventists held at Lodi June 3 to 13. Mrs. Dimond was there for most of the time, but her husband and Graham could only attend week ends.

W. J. Mauley, care taker of Camp Celio has made three looms on which the Camp Fire Girls will learn to weave. The first girls of the season are expected to arrive tomorrow.

Mrs. Brian Krough and daughter, Miss Betty Lou Krough and Mrs. Frank Chapman are spending today in Sacramento.
